

China **Spice** Services Product List 2022

China Spice Services is established in 2008 as a subsidiary of European Spice Services and operates as a sourcing partner for various Chinese food safe dehydrated vegetables, spices and capsicums. With offices in Shanghai, Shandong and Hong Kong, we maintain local focus on quality, service, supply chain and sustainability. Our goal is to become the preferred sourcing partner in China by creating value and reducing costs & risks.

Below product list includes, but not limited to, all products CSS currently offers through its partnering manufacturers in China. New items are continuously developed. For more information, please contact olivier@spices.be
